DIVISION OF LIVESTOCK IDENTIFICATION
1351 ELM STREET
ELKO, NEVADA 89801

February 11, 2002

Dear Extraordinary Permittees and Applicants:

On March 1st of each year, all previously issued permits will expire. In the regulations adopted by the Nevada State Board of Agriculture September 10, 1997, certain changes were made to reflect necessary brand inspection requirements concerning this permit.

These requirements are explained in the attached application.

There is no fee requirement for the issuance of this permit.

Please read the enclosed application carefully, so that you understand the requirements.

The Completed application will allow a permittee to move livestock across State lines within the terms of the permit for one year beginning April 1st of the year applied for.

For Permittees leaving the State for grazing this season, we have enclosed an application and self addressed envelope for your commuter health permit. Please return this application to Jean Osborne in the Reno office.

For those of you who are entering the State of Nevada for grazing purposes this season, please contact your home state "State Veterinarian" for the appropriate health permit application.

Also, for out of state residents we have enclosed a temporary brand recording application for you use this year, if your brand(s) is not permanently recorded with our department. Please return this application (if necessary) along with your completed permit application.

If you wish to make application for this extraordinary permit, please complete the enclosed form and submit it in the provided envelope, to the Elko office by March 14th so that we have adequate time to process your application.

Please refer any questions you may have concerning this application to the Division of Livestock Identification at (775) 738-8076.

Sincerely,

Dennis Journigan
